Description

In the South of Minas Gerais, the Federal Agrotechnical Schools of Inconfidentes (founded in 1918), Machado (founded in 1957) and Muzambinho (founded in 1952), traditionally recognized for quality in the offer of high school and technical courses, were unified in 2009, and the Rectory was established in Pouso Alegre. Thus, the Federal Institute of Education, Science and Technology of the South of Minas Gerais (IFSULDEMINAS), which currently has campuses in Passos, Poços de Caldas, Pouso Alegre (both three created in 2011) and advanced campuses in Carmo de Minas and Três Corações (both created in 2014), as well as advanced cores and network poles in several cities of the region.

The operations and work of IFSULDEMINAS covers 178 municipalities, with 2.7 million inhabitants. Between 2009 and 2022, the total number of students increased from 4 thousand to almost 49 thousand students.

The educational provision has added undergraduate, graduate, research and extension programs to the regular supply of technical courses. IFSULDEMINAS has 80 (eighty) technical courses, 44 (forty four) undergraduate courses, 23 (twenty three) specializations Lato Sensu, 3 (three) specializations Stricto Sensu and 1 (one) technical specialization offered. The institution also offers 64 (sixty four) Initial and Continuing Training (FIC) courses.

Its administrative staff has nearly 1,600 servers (including teachers and administrative technicians), outsourced employees and interns.

IFSULDEMINAS mission is to promote excellence in the provision of professional and technological education, at all levels, forming critical, creative, competent and humanistic citizens, articulating teaching, research and extension and contributing to the sustainable development of the South of Minas Gerais.

All campi are available at the main site <https://portal.ifsuldeminas.edu.br/index.php/os-campi>. The Rectory is available at the main site <https://portal.ifsuldeminas.edu.br/index.php/reitoria>.
