[6] Education and Research (ED)

[6.2] Total Number of Courses/Subjects Offered

Description

The total number of courses offered by IFSULDEMINAS in 2021/2022 is **215 (two hundred and fifteen)**. The courses are divided into [Initial and Continuing Education - FIC \(64\)](#), [Technical Specialization \(1\)](#), [Technical \(80\)](#), [Bachelor \(20\)](#), [Degree \(17\)](#), [Technology \(7\)](#), [Lato Sensu Postgraduate \(23\)](#) and [Stricto Sensu Postgraduate \(3\)](#). The courses and subjects are detailed in the Template [6.1].

There is an internal policy of approval of the insertion of new courses of the IFSULDEMINAS in which evaluates if the course has in its curricular matrix modules that contemplate the theme of environmental responsibility and the importance of actions that contemplate the preservation of the environment. This is why, in recent years, there has been an increase in the number of courses that have in their curricular matrix subjects that pass through the subject. Source: Education Pro-Rector.
